VOCABULARY

Adaptation - part of an animal's body or behavior that allows that animal to survive in their habitat

Camouflage - coloration that helps an animal blend in with its environment

Carnivore - animal that eats meat

Herbivore - animal that eats plants

Omnivore - animal that eats plants and meat

Endangered - organisms that may soon not exist due to low numbers throughout the world; close to extinction

AMAZING GIRAFFE ADAPTATIONS

Observe the giraffe at the zoo and write three adaptations on the giraffe's body that help them survive in its habitat.

Draw a line to each adaptation you have listed on the giraffe.

Adaptations

1.

2.

3.

Herbivore

Animal that eats plants

3rd - 5th Grade

AMAZING SQUIRREL MONKEY

ADAPTATIONS

Observe the squirrel monkey at the zoo and list three adaptations on their body that help them survive in their habitat.

Draw a line to each adaptation you have listed on the squirrel monkey.

Adaptations

1.

2.

3.

Omnivore

Animal that eats plants and meat

AMAZING OWL ADAPTATIONS

Observe the owls at the zoo and list three adaptations on their body that help them survive in their habitat.

Draw a line to each adaptation you have listed on the owl.

Adaptations

1.

2.

3.

Carnivore

Animals that eat meat

FOOD WEB

Draw arrows to show what each animal eats. Which of these animals did you find at the zoo?

Crowned crane

Spiny mouse

Zebra

Dung beetle

Gaboon viper

Black rhino

Plants

Steenbok

Marabou stork

Lion

CAMOUFLAGE

coloration that helps an animal blend in with its environment

Can you find the frogs hidden in the image below? There are 10 total.

What other animals in the Reptile House at the zoo use camouflage to hide?

WILDLIFE WARRIOR

While at the zoo, investigate why animals are endangered. Place a tally mark every time you read on a sign that an animal is endangered or vulnerable due to the following:

Habitat Loss	
Hunting/Poaching	
Pet Trade	
Pollution	
Other	

How can you help save wildlife?

Endangered

Organisms that may soon not exist due to low numbers throughout the world; close to extinction

DOODLE SPACE

Draw your favorite animal that you saw at the zoo.

What's their habitat? Label adaptations that help them survive in their habitat.

NOTES

A series of horizontal blue lines for writing notes, starting from the top of the page and extending to the bottom. A vertical red line is positioned on the left side of the page, creating a margin.
